No exclusivity

For all regular screens such as full digital A, full digital B extended, business lounge and digital welcome, exclusivity for customers is not guaranteed. Advertisements from potential competitors may be displayed one after the other, if the booking situation does not allow otherwise. If a customer desires exclusivity, all slots within the loop must be booked (full branding).

Exclusivity

For all iconic large-format screens, we guarantee industry exclusivity if the customer books two of three available slots for a period of six months. The customer automatically receives the right to extend the booking for the next period or the following year. An exception is the iconic digital hall baggage screen: as there are only two slots available, the customer must book one slot for six months to obtain exclusivity.
